Shan Wang ↵

4 April 2019

Dear Shan,

I am delighted to write to congratulate you on your academic performance and your inclusion on the Dean's Honours List for 2019.

For those in an Engineering degree, you are well on track to graduate with First Class Honours if you continue to achieve this level of academic excellence.

Graduating with First Class Honours is a significant achievement that will open many doors for you after you have completed your studies and will greatly reward you for your efforts. It is a recognition that is hard won and greatly prized.

I encourage you to continue with your hard work and strive for this goal.

Best wishes for the future.

Yours sincerely

Professor Mark Hoffman | Dean, UNSW Engineering
